

Report on PARTNER PP4 – Industrial Research Institute seminars for schools and citizens

1. Introduction

Based on the WP4 results and upon the requirements of the WP5 Tutorial Animation, PP4 IRI organized 6 awareness seminars for 8 schools in Beirut, and 4 for the community. The seminars were conducted with full cooperation of the WP5 coordinator and TSC members.

2. Procedure

2.1. Schools Seminars

2.1.1. Schools Seminars' content

- Brief presentation of the FOSTER in MED project
- Presentation of the pilot project of the region
- Common household use and architectural integration of PV
- Presentation of innovative PV technologies available on the market
- Visit to the site where the pilot project will be implemented at the Industrial Research Building Institute inside the Lebanese University Campus in Hadath.
- Visit to the metrology, electricity and solar labs of IRI, in addition to the EcoTruck

2.1.2. Visiting Schools

It worth mentioning that most of the establishments that have participated in the WP5 school seminars of the WP5 were invited to the Industrial Research Institute premises to visit the labs of IRI.
