

Report on RSS seminars for 10 schools and community

Introduction:

Based on the WP4 outcomes and upon the requirements of WP5 Tutorial Animation, RSS (PP5) conducted 10 awareness seminars for 10 schools in Aqaba, and one for community. The seminars were conducted after full cooperation with WP5 coordinator and TSC members.

Procedure:

RSS (PP5) info point role was:

- Contact Ministry of Education – Aqaba Branch and the directors of the selected schools (public, private and vocational), and set the date and time.
- Contact Jordan Environment Society Aqaba – Branch, who contacted women associations to announced for the local community on (FOSTER community workshop).
- Prepare all meeting rooms and suitable catering.
- Prepare FOSTER bags, including all brochures, T-Shirt and Pen,
- Photograph all seminars with videos to most of the seminars.
- Prepare press releases for all seminars.
- Prepare all requires logistics for the RSS FOSTER team and facilitate their mission.

Seminars content

During the preparation, one of the students was randomly selected and interviews by asking the students two questions on his background about the subject, then asked after the seminar to measure his/her benefit from the seminar.

RSS FOSTER manger introduced RSS and EU funding programs specially ENPI CBC MED, and its focus on following regions in Jordan: Irbid, Balqa, Madaba, Karak, Tafilla and **Aqaba**. Then a full overview on FOSTER project was introduced including all work packages activities.

The floor was left for RSS specialist in this projects to present the presentation agreed with WP5 coordinator, and the seminars were interactive to hear more from the audience.

At the end and after answering all questions group photos were taken.
